The exam period starts on the 16th of December.

PRESENT CONTINUOUS

To talk about something that is already arranged, a personal plan

Example: Sorry, I can't help you. I'm having a lunch with my business partner tonight.

Prediction about the future (our own opinion) → I think Bayern Munich will win the Champions League.

Distant future → People will use only electric cars in 15 years.

To make an offer, promise → I will help you with those bags.

Deciding at the moment of speaking to do something → Boss: I need someone to meet our guest at the airport. Assistant: I will go.
